Dear Families,

There is a priority of access for enrolling children into our occasional care program. This ensures all children and families have opportunity to access early childhood programs within their community.

As such we are asking you to fill in the questionnaire below and we will contact you as soon as we can offer your child a position.

You must notify us if there are any changes to the criteria below once your child is enrolled, e.g. your child starts child care.

Thank you,

Alison James

Director, Renown Park Children's Centre
